

HEAT REGISTERS & COLD AIR RETURNS

duty solid bronze for high traffic areas to purely decorative elements such as aluminum, etc.....

Add the ultimate finishing touch to your home decor. This catalog contains heat registers and cold air returns in standard and custom sizes. Materials range from heavy

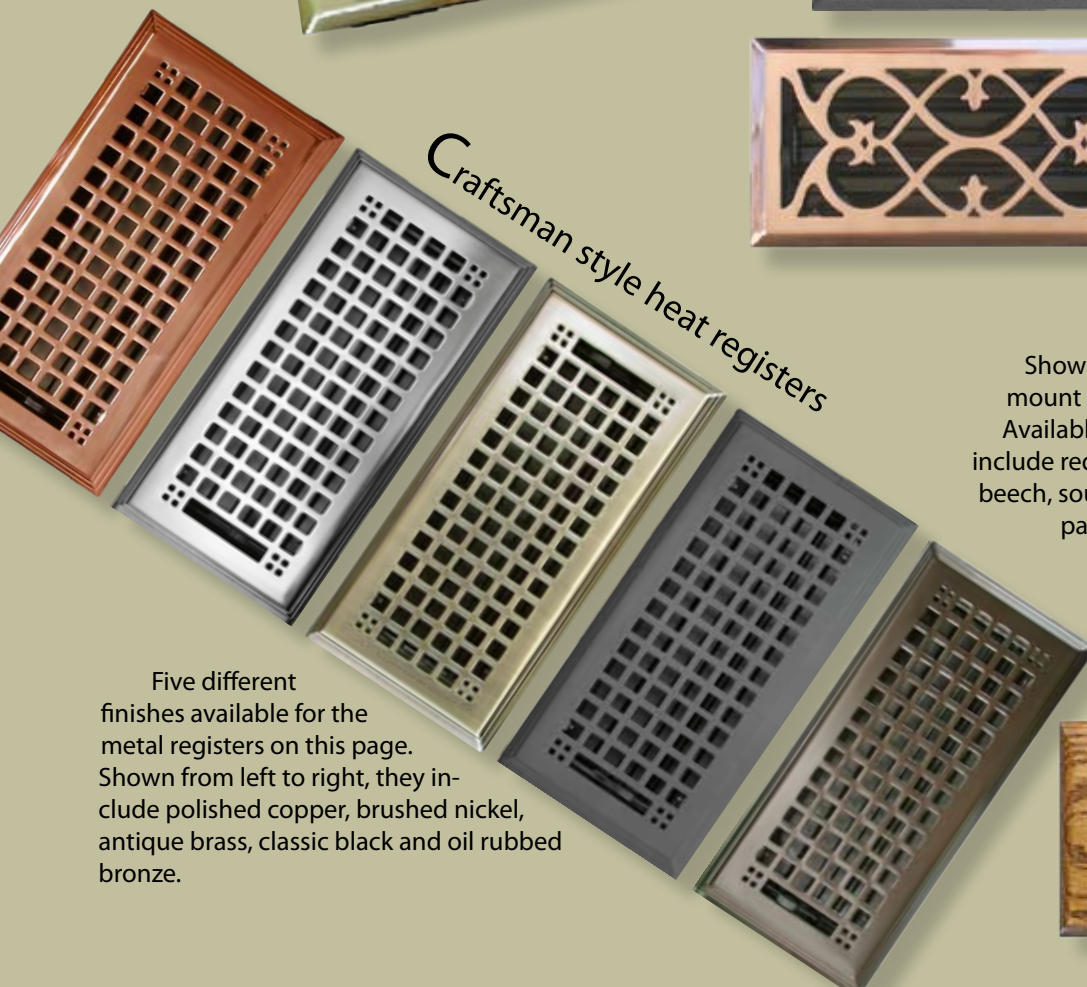

Mission style heat registers

Summit style heat registers

Craftsman style heat registers

Five different finishes available for the metal registers on this page. Shown from left to right, they include polished copper, brushed nickel, antique brass, classic black and oil rubbed bronze.

One piece wood registers

Shown surface mount. Also available in a flush mount with frame and a recessed thumb wheel. Available finished in red oak. Unfinished options include red or white oak, ash, maple, birch, hickory, beech, southern yellow pine, white, ponderosa, or paint grade poplar. Other woods available.

rubbed
bronze with
a damper.

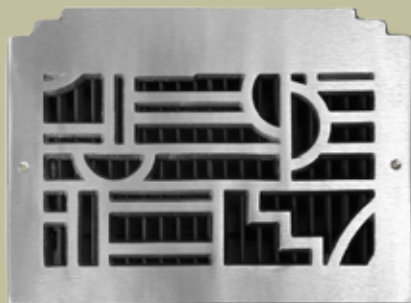

Turner Collection

These striking old world heat registers will have you thinking you've struck oil in the home furnishing arena! Hand crafted and poured with massive amounts of genuine bronze, making them truly top-notch pieces. The Signal Hill heat register is shown with a damper (or louver) behind it, which includes a wheel lever for accurate air control. Alternatively, you can also get them plain, or with a screen to prevent items from dropping into the ducting. Also specify with or without screw holes. Bronze options available - dark oil rubbed bronze, light oil rubbed bronze, satin nickel white bronze, or burnished bronze. Also available in cast aluminum with baked on paint in black, white, or brown, which can be painted over if desired. Polished brass available upon request. Different representations of finishes shown on these two pages.

Examples at left are the Bell Foundry constructed in aluminum with baked on paint in white, brown, and black.

42nd Street register Turner Collection

Shown in satin nickel
white bronze with a
damper.

Shown in burnished finish,
this round register is
complementary to the
Bell Foundry style.

Sunset Boulevard Register

Turner Collection

Ready on the set - it's close-up time Mr. DeMille! Rave reviews plus "Two Thumbs Up" for this classic beauty that imparts bona fide star quality in every way!

These registers are not only inspired by the movie classic, but are genuine authentic reproductions of a grille borrowed from a historic 1920's home in Pasadena! Bravo!! Plus, these heavy duty beauties are created of solid cast bronze! Comes with choice of damper, (14 inch sizes or smaller) screen or plain.

Coronation Register

Turner Collection

Look at this heavy duty thick bronze

Shown in dark oil rubbed bronze, plain, without a damper or screen.

Bamboo Trellis

Turner Collection

Shown with a screen.

Wine Cellar Register

Turner Collection

Shown in burnished bronze without a screen or damper.

Pacific Style Craftsman Heat Register

This stand alone hand hammered beauty (right) is meticulously constructed of solid copper and has a very attractive dark patina. Comes in over 15 sizes. No dampers available. The Cast Bronze Essentials and Pacific Style Craftsman are not a part of the Turner Collection.

Cast Bronze Essentials

Domed register

A slight curvature on the slats lends itself for a bit of interest

Available in bronze or brushed nickel finish over cast bronze.

Flat registers

Scroll Registers

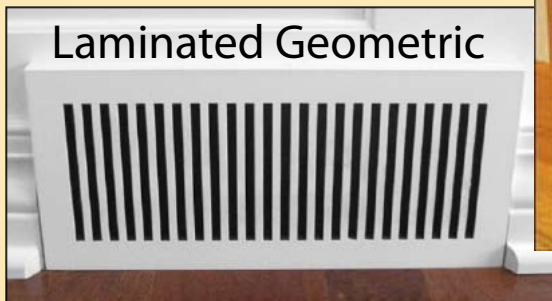

University Registers

These clean looking steel registers with multi-louvered dampers give quite a bit of control over your air flow. White enamel finish in three sizes, includes mounting hardware.

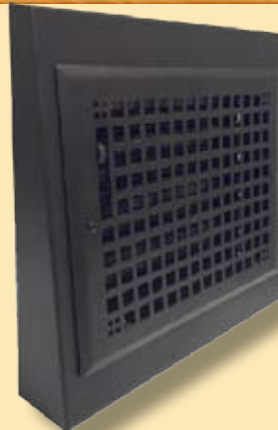

Baseboard Registers

Laminated Geometric

The metal baseboard at right is of the Craftsman styling from page 1 and is available in several sizes. Rickenbacker air return with flat sides for use in between baseboards. You choose width and height. Solid 3/4 inch red oak, paint grade, or other wood options for an upcharge. Laminated Geometric baseboard register. You choose width, height, and projection from wall. Can be sloping or non-sloping. Choose from any faceplate patterns on page 8

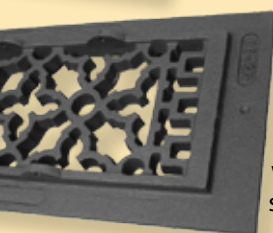

Rickenbacker

Historic Cast Iron Registers

Beauty and character are now within easy reach! Crafted of the highest caliber cast iron with a traditional black matte finish - these heavy duty beauties come in twelve sizes, and are simple to install. Specify with or without holes. Some sizes available with dampers.

Unity Cast Iron Registers

Unity cast iron registers (right) come in two sizes, 4 x 10, and 4 x 12. Choose silver, brown or black finish, and specify with or without screwholes.

Industrial Gears

Willow

Radio Daze

Flushmounts and Surface mounts in wood

When installing new, real wood (not wood-looking) flooring, Flushmounts are the registers to use. Attractive and functional, they fit flush with your wood floors. After installing into the floor, sanding is required for a smooth installation. Surface mounts do not sit flush into the surrounding surface, but are slightly elevated. Forty wood options available.

Eggcrate - flush mount register

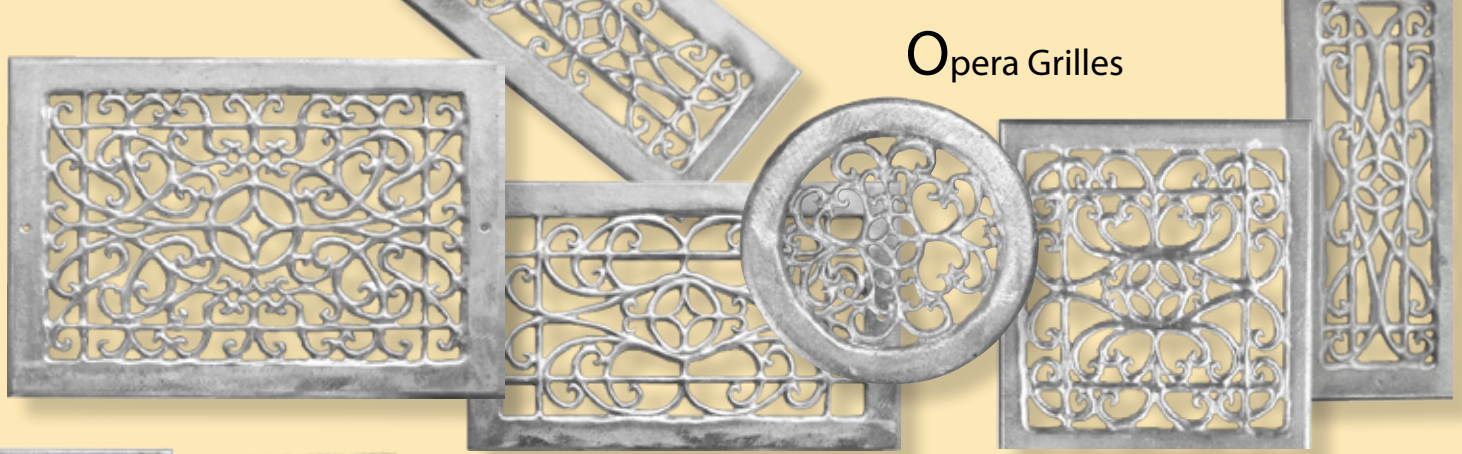

Rickenbacker - flush mount register unfinished

Eggcrate - surface mount register

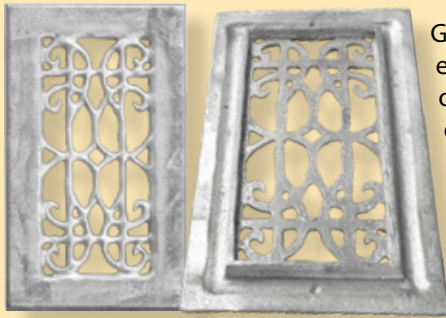

Rickenbacker - surface mount register, finished

Opera Grilles

Great opera emporiums of yesteryear had a grandeur and flair that was rarely equaled! These magnificent grilles graced palatial halls and can now be enjoyed by home owners. Sand cast by hand of solid aluminum, may be painted to complement existing decor. Specify with or without screw holes.

Opera Grilles have a lip underneath.
While two inch widths do not.

Being fairly lightweight, these beautiful Opera Grilles are appropriate for wall or ceiling use, however models in six inch widths and less are OK for floor use. Most sizes available with or without dampers. Shown unfinished.

Baseboard registers rest on the floor and are fastened to the wall with wood screws. The baseboards typically butt up against the sides of the heat register.

Wood Baseboard Registers

Wood Cold Air Returns

Olympia primed
Shown with oil based primed wood, ready for you to paint in the color of your choice

Olympia - unfinished

Shown unfinished in New Zealand pine with Baltic birch louvers, just ready for you to stain.

Eggcrate - cold air return

The Eggcrate Cold Air Return can give your home a real vintage look. Oak shown with optional support strapping at right (extra). Comes unfinished, many woods available.

Ultra narrow toe kick register

Perfect for the duct opening toe kick area under your kitchen cabinets. Comes pre-drilled for screws (supplied) and has matching wood plugs to cover the screw heads.

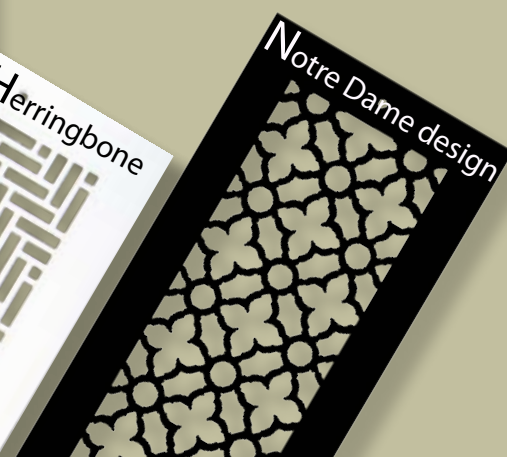

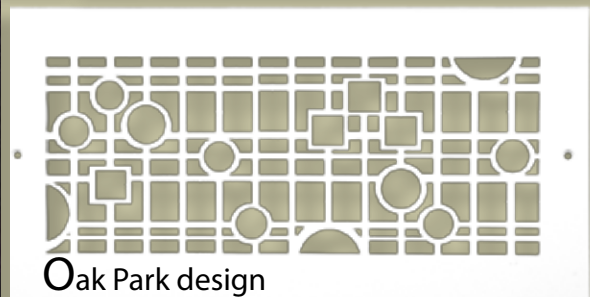

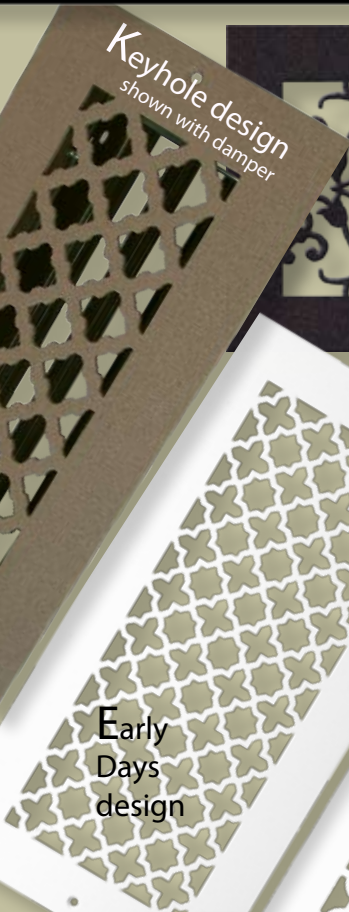

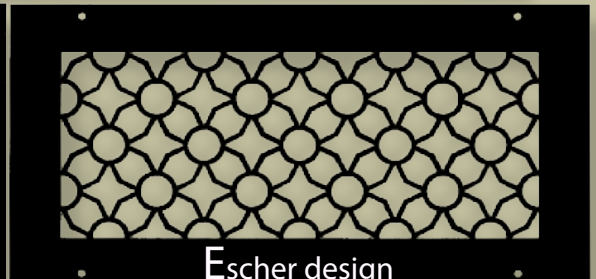

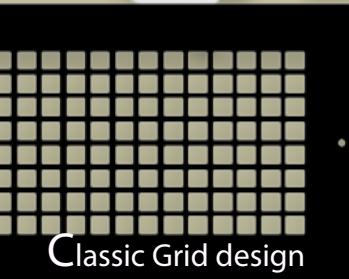

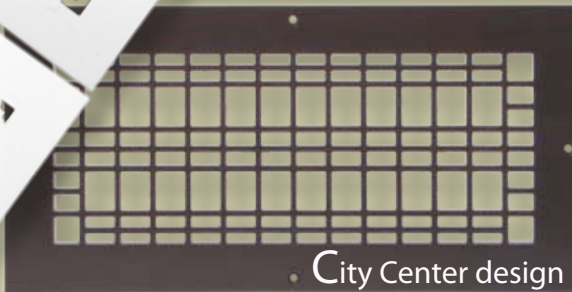

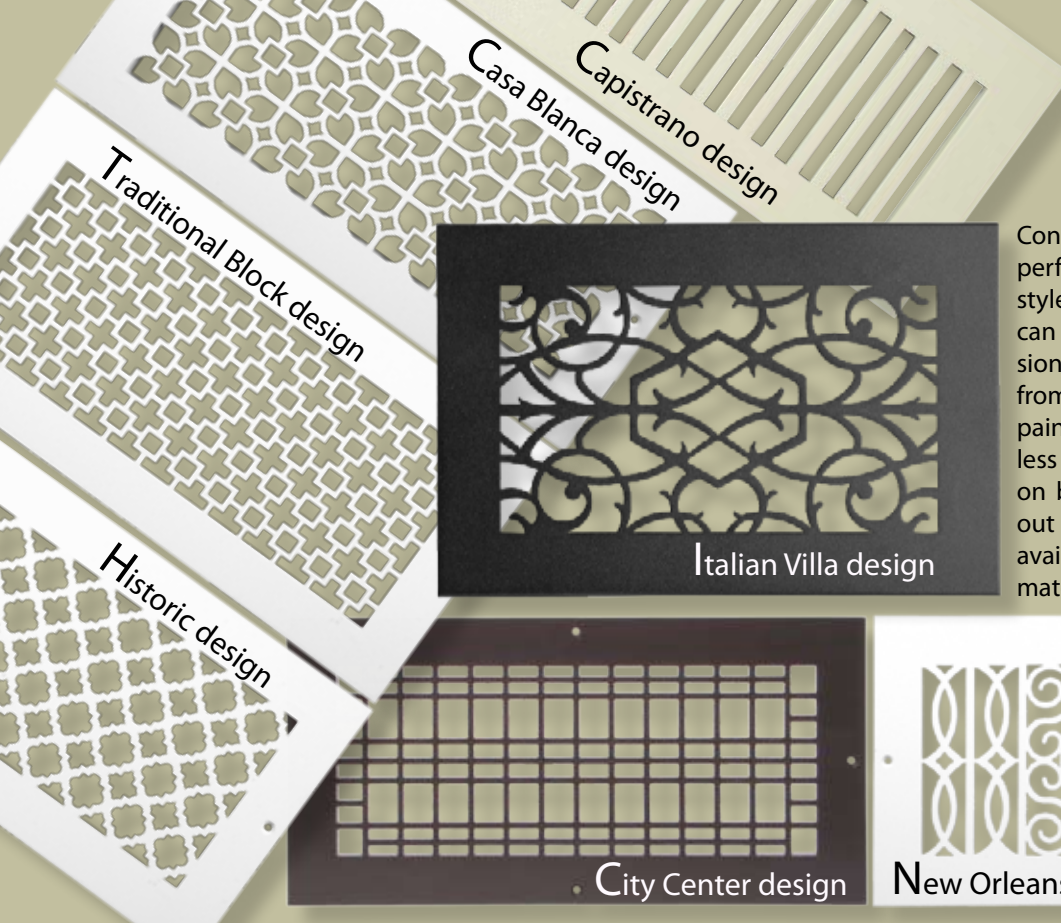

Rickenbacker cold air return

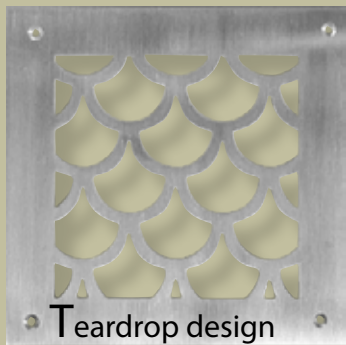

Available for any size duct opening up to 4 foot

Turn of the Century Collection

Constructed of 1/8" thick steel, these covers are perfect when you need something sturdy, high style, or have an oddball situation. Versatile, they can be scaled to most any size or odd dimension needed, round, oval, curved, etc. Choose from powdercoat black, brown, almond or paint ready-white. Also offered in brushed stainless steel. Options available: steel reinforcement on back, 3/16" steel, beveled edges, with/without louvers and with/without screw holes. Also available as cold air returns with filter frames, matching control boxes, and kick light covers.

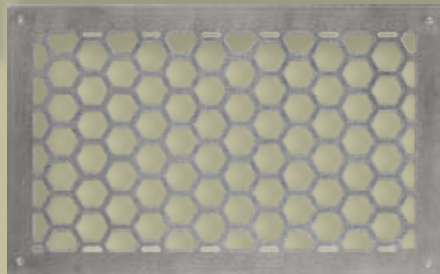

Teardrop design

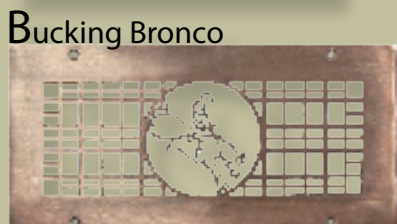

Basketweave style

Resting Elk

Honeycomb

Bucking Bronco

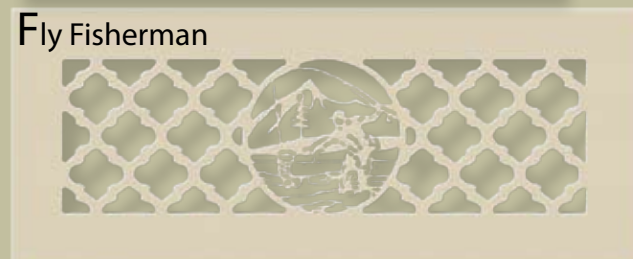

Registers with a Medallion (circle in center) design, show at left, for wall use.

Startled Bear

Lodgepole Pine

Fly Fisherman

Cascade Mountain register

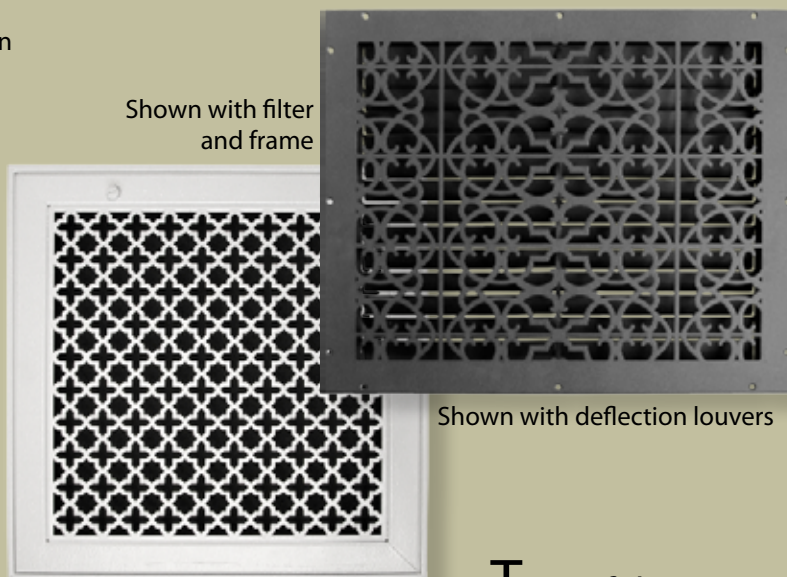

Pickford Cold Air Returns

Mission style

Non-standard duct opening? The Pickford style custom cold air returns can be made in just about any dimension you might need! Constructed from substantial 1/8 inch thick solid copper, brass, or stainless steel. Choose from the Mission, Honeycomb, Teardrop or Basketweave design. Suitable for wall or ceiling use only.

Turn of the Century Cold Air Returns

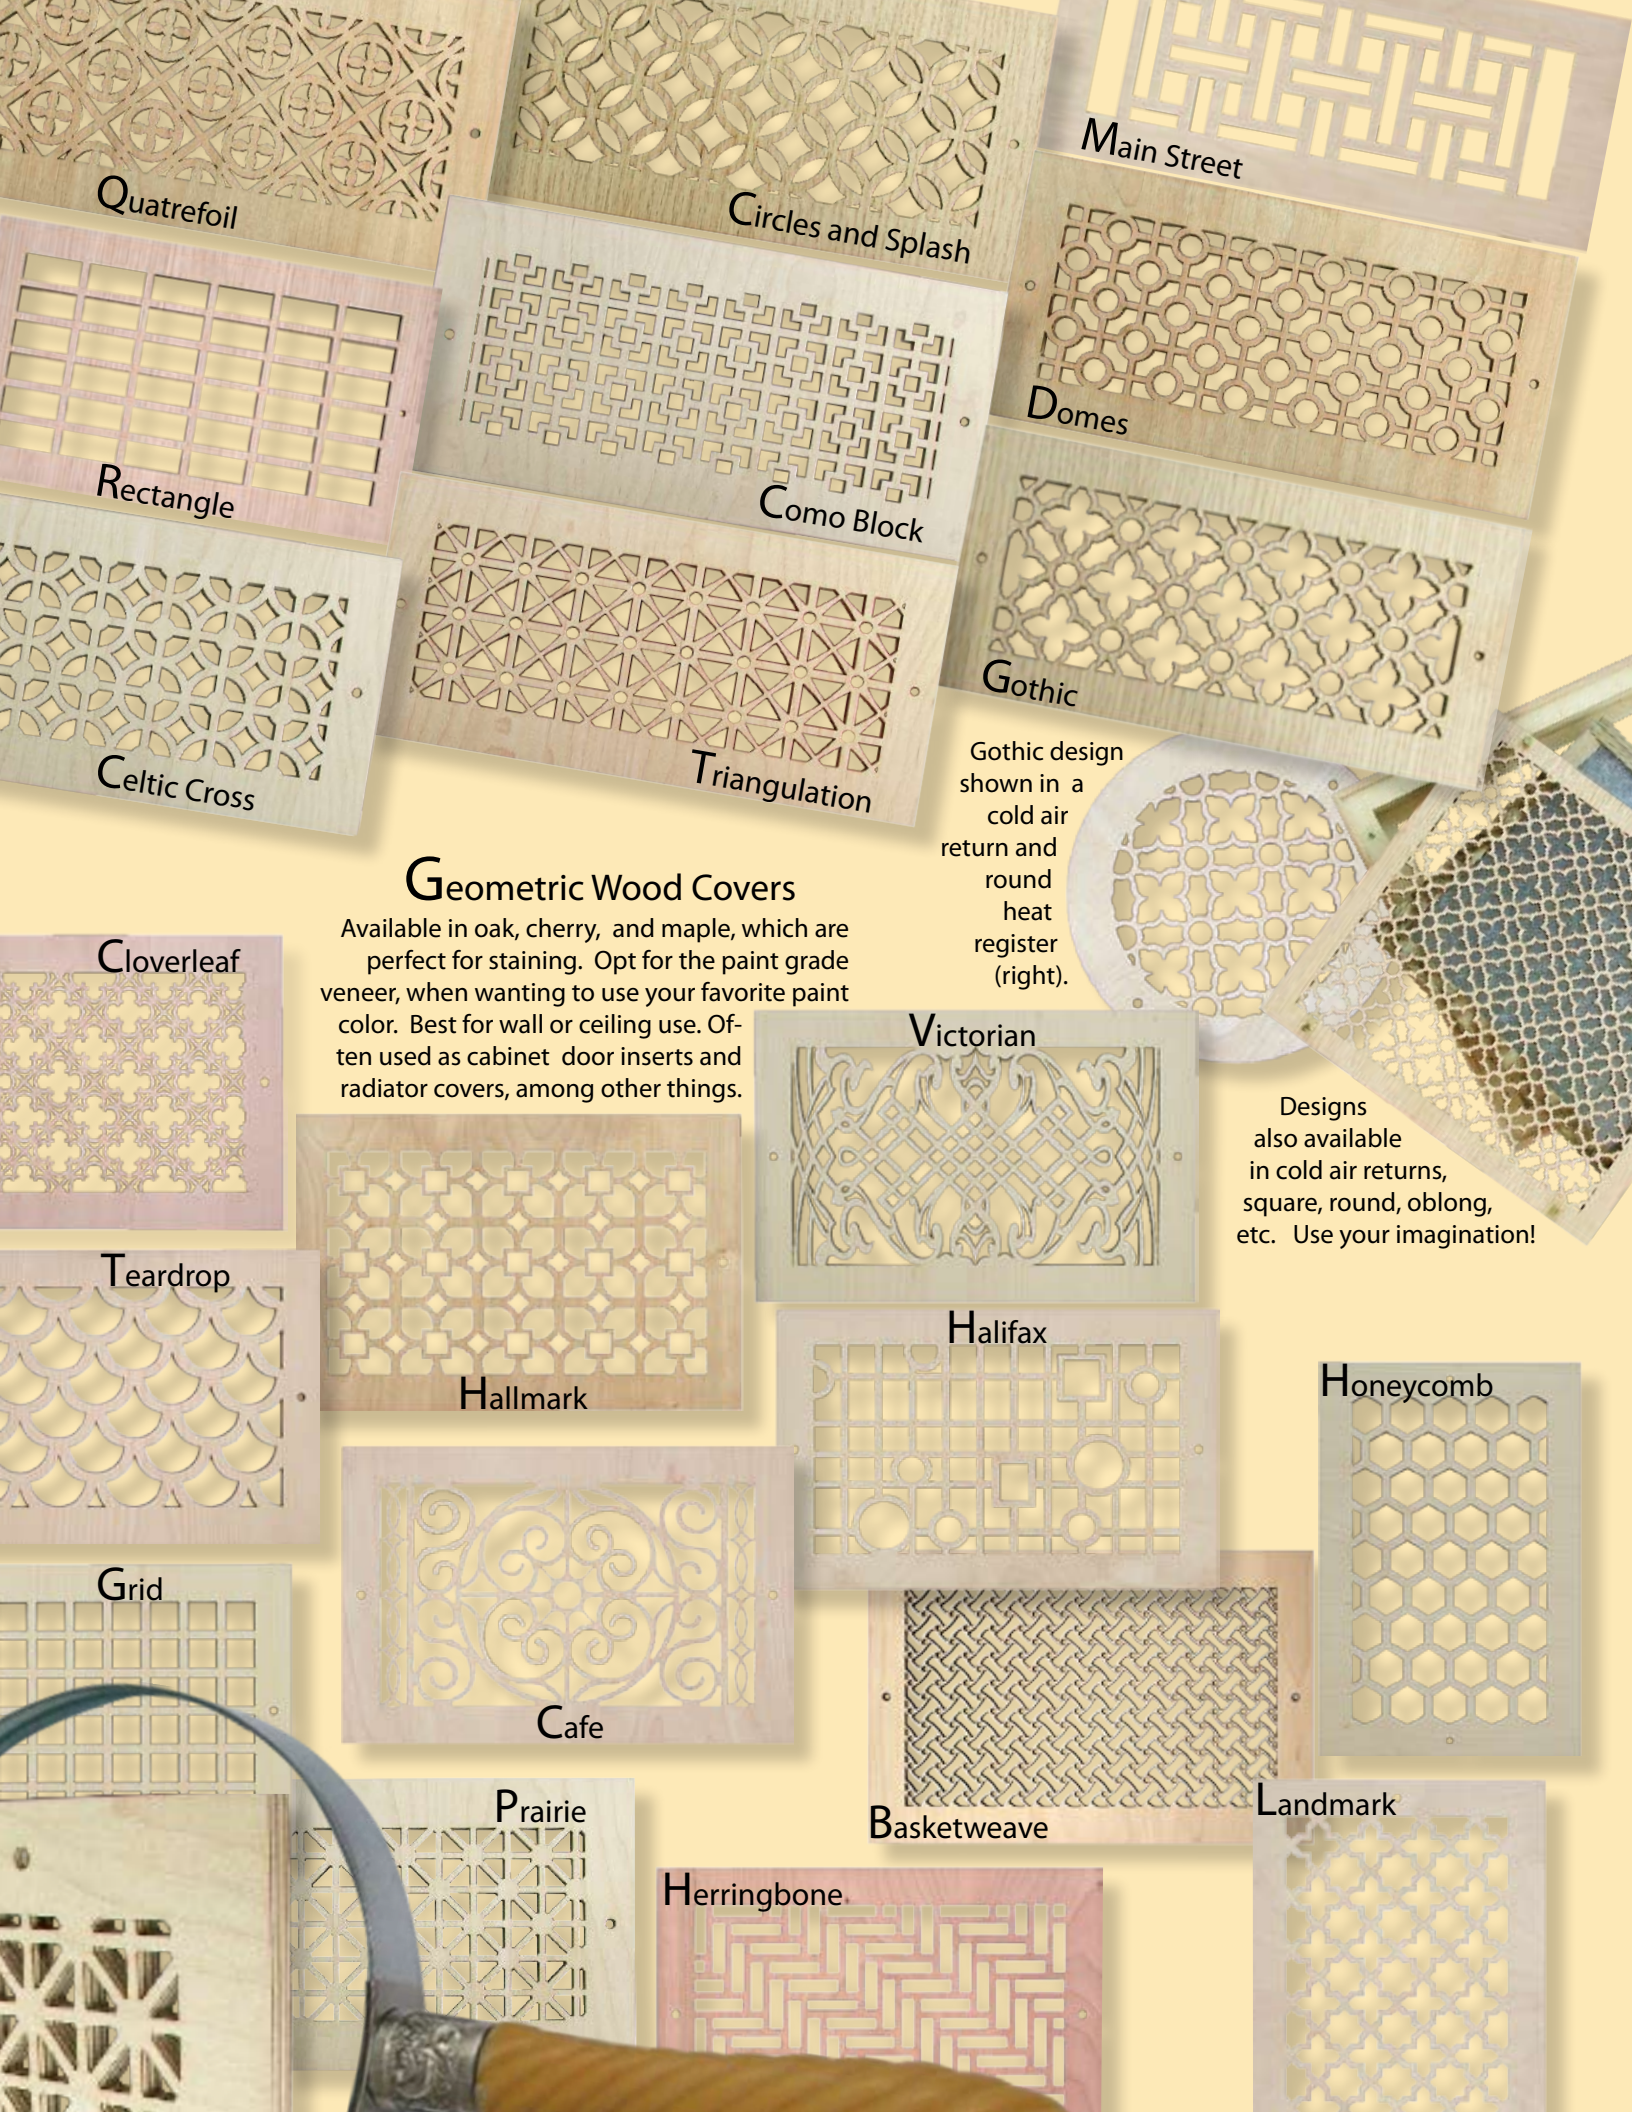

Shown with filter and frame

Shown with deflection louvers

Turn of the Century Baseboard registers

Attractive steel registers come in a variety of lengths and appealing designs. Choose a faceplate in any of the Turn of the Century designs. The one shown is the "classic grid" design. The heavy-duty 1/8" steel, has a powder-coat finish inside and out and shows an optional adjustable dial damper air control. Faceplate removes easily for duct access. Predrilled holes on the back make for easy attachment to the wall. The register measures 4.5" high with a projection of 4.5". Figure out the length, design and color, choosing from powder-coat black, brown, almond or paint-ready white. Custom work available.

Eggcrate & Rickenbacker Cold Air Returns (page 5)

Pricing is the duct length times the duct width times .68 in the event you have 100 square inches or more. Below 100 square inches the price is a flat fee of \$67.95. Comes in red oak or paint grade maple - other woods available, show in Chart "R". Steel Supports for Eggcrate only: price width in inches x duct length in inches/10+40.

STEP ONE:	Measure your duct opening
STEP TWO:	Multiply the length times the width
STEP THREE:	Multiply that figure by .68 and that will be you total before shipping

Minimum charge is \$67.95

These attractive registers come in a variety of lengths and appealing designs...in fact, we can make the faceplate in any of the turn of the century designs. The one shown in the picture on page 7 is the "classic grid" design. The heavy-duty 1/8" steel, has a powdercoat finish inside and out and an optional adjustable dial damper air control. Faceplate removes easily for duct access. Predrilled holes on the back make for easy attachment to the wall. The register measures 4.5" high with a projection of 4.5", you just need to figure out the length you need, and of course the design and color too - get busy! Choose from powdercoat black, brown, almond or paint-ready white. Custom work available.

Oddball sizes: no problem!

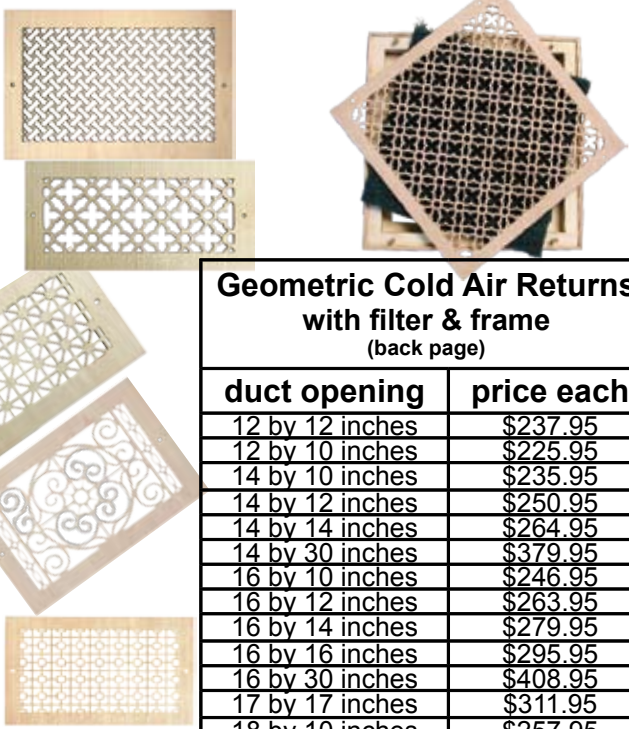

Large sizes: no problem! -

Options: thicker metal - beveled edges
concealment louvers - lip dimensions
screw hole placement & more

These registers are made of steel, so they are really, really stiff! They are great if you need a register for heavy traffic, and don't want any bending or bowing. The face plate is welded to the solid strap steel plates for reinforced toughness. With or without screw holes. Choose powdercoat black, brown, almond, silver or paint ready white. Dampers are available on standard sizes only.

note: we can custom make these to just about any dimension you need Brushed stainless steel available for 30% upcharge. Nature themed registers, Bear, Pinecone, Mts. etc., are Series B

Return and cancellation policy:
If you wish to return an item you must call for instructions. Items returned without authorization will be refused. Keep the original packing and invoice. Items must be returned within 30 days of receipt, and be fully insured. Shipping charges are not refundable. Returns sent to the wrong address, either through customer error or through the customer not calling for instructions will incur additional shipping which will be passed along to the customer in the form of a reduction of the refund amount. Full credit will not be issued if item is missing parts, shows wear, is not in resalable condition, or has been damaged. Items that were damaged by your shipper are not eligible for refund. You will need to collect compensation from the shipper yourself through the insurance coverage you purchased from them. In that event, we will hold the item for 6 months in the event your shipper wants to inspect it. Some items are not returnable including all custom items and discontinued items. Items that have been partially constructed are not cancelable. Cancelled orders are subject to a cancellation fee of 6% of the total order amount. If you have any questions about return policies or cancellation fees affecting an item please ask for a clarification at or before the time of order. Thanks!
 The minimum restocking fee on all items is 6%. Some items have a higher restocking fee and are shown below.
 Tuxedo collection: 25%
 cast iron registers: 20%
 quick ship style: 20%
 Signal Hill, Bell Foundry, Monarch, Coronation, 42nd Street, Bamboo Trellis, Wine Cellar, Chronicle, Sunset Boulevard: 25%
 turn of the century collection: non-returnable, non-cancelable
 mountain scene collection: non-returnable, non-cancelable
 eggcrate, toe kick, and rickenbacker vents that have a finish or are made of a wood other than red oak are not returnable.
 Cast bronze flat & scroll registers: 25%
 Olympia grilles: 20%
 Craftsman, Summit, Mission, University: 15%
 Black tie granite: non-returnable
 Geometric style: non-returnable, non-cancellable
 Pickford style air vents: all custom, non-returnable

Custom sizes available.
 Shown above are prices for typical duct opening sizes. We will give you a firm price quote at the time of order, but this chart will get you in the ballpark. If you have an oddball size to work with please call us. We will be able to do it and there won't be sticker shock, but we will need to consult. Call 509 535 5098. (pacific coast time)
 note: make sure you have about 1.25 inches of free space on all four sides. If not, it may still be workable, but we will need to talk at length.
